

2020 Fall
Global Business Masters Program
Graduate School of Culture and Industry

덕성여자대학교
DUKSUNG WOMEN'S UNIVERSITY

I . Global Business Masters(GBM) Program

In the face of the ever-changing global business environment, Duksung Women's University's Global Business Masters(GBM) program aims to cultivate future experts who will create positive change by connecting the dots and solving global business problems through powerful collaboration. The program approaches new management realities around the globe especially focusing on international trade by addressing real-life problems and their applications to develop forward-thinking solutions and creative problem-solving abilities which will empower them to confidently manage business and trade in the international market.

At Korea which is one of world's top 10 trading countries with prestigious faculty and future business leaders from diverse cultural and economic backgrounds, students will be able to become more international in their thoughts and insights and become a more competitive business leader worldwide through Duksung Women's University's GBM program.
